

Introductory Workshop on Systematic Review & Meta-Analysis for NUHS Staff

12 March 2018, Monday, 8.45am – 5.30pm

Block MD1 (Tahir Foundation Building), 12 Science Drive 2, Singapore 117549

This workshop provides an introduction to systematic reviews, aimed at clinicians and researchers who want to understand how to use and conduct a systematic review.

Course Objectives

- Understand the need for systematic reviews
- Understand the principles of conducting a systematic review and meta-analysis.
- Understand the process of registering the title with the Cochrane review group.
- Understand the process of searching the literature, interpreting, and presenting the results of meta-analyses and qualitative evidence synthesis
- Enter and analyse data for a systematic review using the Cochrane Collaboration Software, Review Manager

Registration Details

Fees (with GST) \$267.50
